

THE STEVEN GRAVES BAND EPK PRESS KIT

Soaring Harmonies! Crafty Lyrics! Irresistibly Danceable Beats!

The Steven Graves Band, a high energy Americana touring band based in Santa Cruz CA, would be an outstanding addition to your event, concert series or festival. They bring a level of musicianship, professionalism, and a unique sound and vibe that has been thrilling audiences throughout the West coast for the last 5+ years. While mostly original, Steven's unique brand of genre bending Americana incorporates aspects of blues, reggae, gospel, country and classic rock in a highly accessible sound that audiences are able to get immediately along with their infectious positive and joyous energy that keeps the crowd on their feet throughout the show!

Steven's career spans the last 12+ years and has included awards and recognition from the Native American Awards, the Americana Music Association and jambands.com/Relix Magazine! Steven's 8th CD "How Long" was released in October of 2018 and was near the top 100 of the Americana Music Chart for many months and was played on over 200 radio stations worldwide. Popular not only in the Americana and Folk Rock genres but also, with the help of fan and publicist Dennis McNally (the Grateful Dead's publicist), the band's presence boasts rapid expansion in jam-band circles.

Steven shares: "My music is mostly all original and while defined as Americana or California Country we bring in many styles from gospel, R&B and even reggae. It's all woven together with high energy, catchy hooks, great harmonies and socially and spiritually conscious lyrics."

Steven can bring a larger band for bigger festival stages to include not only his core band but also a gospel singer and horn section. For smaller stages, the band can pare down to a Trio or Quartet. The band features soaring 4 part harmonies, horns, crafty lyrics, catchy hooks, tasty guitars, classic keys, and a danceable backbeat! The band is equally comfortable playing to crowd of 500-1000 people or as they are in smaller venues of 50-100. They bring the same high level of enthusiasm, musicianship and joy to every show regardless of the situation. Below is a partial list of festivals and larger shows they played in 2019.

They are very professional, reliable, easy to work with, and can be flexible on compensation. With a social media network of over 20,000 contacts, emails, fans, friends, etc., they will provide extensive promotion for every event they play often including live local radio performances in conjunction with their shows. We have built an extensive media list for every venue and location they proceed and will begin promoting every show through social and print media at least 8 to 10 weeks prior to their performance. The bands presence in all of the social media outlets is super solid: Twitter, Instagram, Facebook, YouTube, Website, etc. Here are a sampling of some of the bands live shows and also the band promo video.
